

REVISED MASK RULES

The number of COVID-19 infections are on the rise because of highly transmissible Delta Variant. It is reported that the fully vaccinated individuals can get infected by this variant and also can infect others while they remain asymptomatic. In light of these new reports, to ensure the safety of our devotees, priests and employees:

- ◆ The GBT revised policy makes it mandatory for everyone to wear a facial mask covering both mouth and the nose while they are inside the temple premises irrespective of their vaccination status.
- ◆ On the temple property outside of the temple building and in open areas: Nonvaccinated individuals including children are required to wear the facial covering.
- ◆ GBT recommends that the fully vaccinated individuals also wear the mask in the open areas of the outside of the temple building.

DISCLAIMER: The GBT management is **NOT** responsible for any exposure to COVID or any COVID infections while you are visiting the temple. For your own safety and the safety of others, the onus is on you to follow the temple policy. Thank you for your understanding and continued cooperation.
